Douglas L mattson did not allow me to have a preliminary hearing to hear the evidence in criminal cases 51-2020-CR-01991 and 51-2021-CR-00387. The case 51-2020-CR-01991 out of ward county, I.D. was very malicious and frivolous against the plaintiff. The case had a clear 4th addmendment violation, The plaintiff is being denied the most basic Rights of being an american.

The case 51-2020-CR-01991, The Minot P.D. had went to ruthvillie oct/2020 for a simple assault Domestic violence situation. The plaintiff answers the door, steps out, shutting the door behind himself. The Police ask the Plaintiff's name and answered "Scott Erickson" Erickson is his mom, sister, brother, and step father for all his life last name. The plaintiff is in the back of the cop car as minot P.D. called the Minot Parol and Probation office. The Police got ahold of the wrong P.O. and get the okay to go in and as the police hung up the phone. I heard an officer yell movement inside the home; eventhough, after the Sweep no one was in there. The Home was not on

Any parole or probation officers approved address file. The Home owner was not on probation at the time of Search; The police simply kicked the door down and as they made inside I yell from the cop car. everything is fine in the house. The fruit of the Poisonous tree doctrine, exclusionary rule and chimeI v' california (115, sup, ct 1969) apply in this case, but I have sat over a year on the case Judge Douglas L mattson violated my Right of due process by not allowing me to have the preliminary hearing due to Douglas L mattson discriminated against plaintiff in the cases before hand 1:18-CV-115, 1:18-CV-01190

The case SI-2021-CR-00387 is very malicious over 11 charges with a tampered with Video evidence as the main line of States evidence Judge Douglas L mattson once again denied my preliminary hearing and his motion was denied of been removed from my case load admitting himself that he should not be my judge due to his discriminating issues against me.

Rozanna C lerson, Douglas L mattson, and Leah Viste while working under the color of law did not make a real effort at all in my cases to make it fair. A sum of \$125,000.00 should be

The \$125,000.00 should be awarded to plaintiff, for the plaintiff's victim in the criminal case was 3 months pregnant with the plaintiff's daughter case SI-2021-CR-00387 The family was split up, emotional and mental suffering under went by plaintiff.

The \$125,000.00 will go to fighting the wrong Leah Viste, Douglas Mattson and Rozanna Carlson made in the time of the plaintiffs life. DNA testing of Cathleen Hubbers daughter also future court cost to get plaintiff's name on the birth Certificate.

Douglas L mattson also made a very discriminating motion upon plaintiff late Dec/2021. Douglas L mattson gave the plaintiff a \$20,000 Bond on case files that already

had a Bond posted. Rozanna C Larson working as the State of North Dakota in a failure to appear on a status conference.

The court illegally filed a failure to appear on the plaintiff. The scheduling order for all the criminal cases against the plaintiff states the plaintiff only has to show up physically with an asterisk. The plaintiff did not have to physically appear for on the agreement that the court gives in all cases unless the court gives a 24 day written notice under the scheduling 3.2 Rule 6(d)(1)(i), (6)(d)(1). The court was past the dates on the scheduling order agreement schedule order (k) on misdemeanor (2) on felony matters the date on the schedule order were very much past the date that physically appearing motion issues had past.

The \$125,000.00 would cover loss of employment, reputation and physical life. The mental and emotional pain put on plaintiff along with the unneeded stress put also on the already weak heart.

The failure to appear was dismissed, but the damage had been done Leahviste is a good person just trying to do her job.

Leah Viste, Rozanna C Larson, and Douglas L mattson are breaking there own court rules on case 51-2021-CR-00742 one of the many cases on the Register of actions on 11/23/2021 index #30 The state held a request for status conference for the 12/03/2021 only 10 days this is only one example other cases very on the Notification to Plaintiff, Under the Scheduling order 32 Rule 6(d)(1)(i), Rule 6(d)(1) the Court must give a 24 day notice to physical appear also the date required to appear physical according to the scheduling order. The Plaintiff said be defendant in the documents only need to appear physical on issues with an asteric. The scheduling order also states that Plaintiff said defendant in court documents only must appear to case issues before said date on the scheduling order itself under (1) on misdemeanor scheduling order (2) on felon scheduling order. Leah Viste and Rozanna C. Larson prove
my point of discrimination under cases SI-2021-CR-00025
and SI-2021-CR-00027 the factual bases explains
everything and also prove the State will issue
a Warrant on anything on the Plaintiff. A man
said I called is that enough to jail a man?
The case SI-2021-CR-00998 reinforces my
point completely of how grossly my rights as
an American are discriminated. The justice system
should be here to help people not hurt them
or used in a way to "get back at a person"

The acts of discrimination are gross and
very unjust like. The defendants took
advantage of their government job or position
to make an example out of a person who
speaks out against the State. The States attorney
shouldn't charge a man with just anything or believe anyone

To charge the Plaintiff with rebellion standing
as the Victim is trying to visit the Plaintiff to
show the new born daughter or charging Plaintiff
with a violation or contact order while said victim is

paying for calls outside jail warring, Applied to visit while
Plaintiff is in jail, gave birth to a daughter

American Disability Act under Mat. A federal Civil Right States No government entity may denie or discriminate against methadone treatment with my pre existing heart Condition Compounds this Situation. A clear disregard of Human life and reckless endangerment of my physical health. The damage done to my already trouble heart is noticed daily with a pain that has only gotten worse since this event.

I left Jan/2021, Tuesday night for heart of America in Rubey N.D. I went through seven days of no methadon treatment. I was not slowly detoxed simply cut off cold turkey meaning a sudden stop or denied me my treatment of methadone.

As I was being denied methadone at the Heart of America, Rubey N.D. I would beg staff for help in the life situation, I was put in. One staff member asked if I had "any ward county warrants" to move me back to ward county Jail were I could get my treatment.

I answered "No". Another Staff member said Heart of America in Rubey N.D. Don't have a provider I answered Every town has a pharmacy.

I went through life changing and threatening detox again. The feeling of chest pain, goose bumps, sweats, No sleep, can't eat, throwing up, head aches and damage once again to my heart. The pain was so bad that words can not describe it; Joshua E Frey and Michael Hurly knew it when I went to court on cases No. 25-2021-CR-005 & 2020-CR-301 Michael Hurly saying Kangaroo court and allowing the State to offer a plea deal which the two had to know it was a false plea of guilt. It is recorded on video and the dictation is self explaining only to have the cases on my Probation revocation later used by Rozanna Larson. A false Plea of guilt

Everyday is a struggle to make it up a flight of stairs or even sitting for more than a half hour without chest pain. My family can see a pronounced difference to before this event had happen in my life

I can not lift heavy items, run or even stand for long periods of time. I already have several consequences from my last. Sever denial of my treatment 1:18-cv-01110 November 2016 with Ward county. The combined events have made little to nothing like before. Sex is a painful event now with it ending normally grasping my chest for the pain is to much to even do it, for after Novembers 2016 with Ward county event the pain was some what manageable. I will never live a normal life or be able to hold a job. I dream of being a dad, and losing custody well in treatment Nov/2016 and now the physical damage caught up and doubled down. I have to ponder if our Justice System was just trying to kill me. I experenced two life threatening Situations and Several discriminating criminal case for my roll in speaking out or UP against the County of Ward. reffer to exhibit 1 or index 1

Joshua E. The plaintiff also had experenced fear for his life, plead guilty in a non lawfull way that had lasting consequences, How will the plaintiff ever work or live a normal life after this tragedy, at only 31 what or will he be able to do for work, even at times having to pee sitting down for the chest pain.

The defendants were only working under the color of the law, but it should be split by the countys for equal accountability. The Ward county Sherriff should at not let me be put in harms way and mchenry county defendants should of performed ~~zoom~~ from Ward therefor not moving me to a jail that would have life long consequences for plaintiff, mchenry county dont ^{have} jail.

to blame

Everything, the plaintiff does he is
reminded of the event by chest pain and
head aches, showing, laughing, sitting,
driving, and even sleeping. Plaintiff has to
sleep in only select positions in order to
not wake with the lifeless expendegees due
to the raised blood pressure meds as a
direct cause of the denying of his
methadone treatment guided by federal
laws not to happen. Mchenry county far more
at fault because there denied methadon, so
Michael C. hurley, Joshua E. Frey and Frey skager denied treatment

Justice : Trex failed to act on my voice mails
 He had the power to contact Trey Skager mchenry county
 Sherriff. BOB Reed ward county sherriff failed to not
 allow or report that moving the Plaintiff would
 be putting in harms way. Michael Hurley failed
 by not taking the letters seriously or informing
 anyone about the possible danger that
 the Plaintiff would be put in. All defendants
 failed to uphold that No inmate will be

A government entity is a group of people working

 directly dealing with human life and health.
 The group of people, have a very large

On Dec/21/2021 I was served a warrant that stated to serve 90 days or provide proof of completion of Domestic class and I had completed an anger management class.  Rozanna C. Larson, and Judge Douglas
 L. Mattson failed while working under the
 color of law to treat the plaintiff
 equally instead there discrimination against
 the plaintiff was at full force.
 as we all know it is very easy to see
 the discrimination against the plaintiff as
 you read this very true situation. All the
 evidence is in court documents and not
 hard to find. to revoke the plaintiff
 drug probation on non violent non drug cases
 to have public defender monty mertz, Fargo
 say to the plaintiff "if you don't take the plea
 deal, I will tell the state your not cooperating
 not taking the plea deal."
 Leachviste, assistant States attorney says "
 you won't take the plea deal we will
 just give it to you."

On March 2nd being told my bond would
 only be \$550 for the court of Ward county
 to lie and the plaintiff be held on a
 \$7,775 bond. The stage was set and if
 no one can see how the state used
 the girl like a Porn or that Rights

were being violated across the board. A lot of monkeying around, so the \$50,000.00 should be awarded due to the pure fear instilled into the Plaintiff and it be used for counseling.

The state no longer believes in its people; it is breaking several laws jerking me around and the discrimination can be seen all the way back to Nov/2016 when the Plaintiff lost his son while in the methadone treatment program a clear discrimination act.

In Nov/2016 the Plaintiff or I had been locked up denied my treatment almost died rushed to the hospital to have a enlarged aneurysm, medication raised, and almost die.

I filed a complaint with the D.O.J. Jan/2017 in which changed treatment forever in North Dakota across the State. I saved thousands of lives, changing even more, and showing the first relief of the opioid overdoses issues along lasting relapse prevention for thousands of local North Dakotans. The program was allowed in several jails and even N.D.S.P. but I was granted NO money for my suffering.

Were made several times to drop the order by Jane Doe. Once a victim of a no contact order applies to visit an inmate while in custody this is a clear violation of the first amendment freedom of speech and peaceful assembly. If two parties want to speak but can't because of a government entity this violates the freedom of speech. The evidence is clearly in front of anyone looking at the picture. Leah Visse, Rozanna Carlson and Douglas L Mattson denied the pursuit of happiness also covered in the most basic Rights due to their discriminated demeanor shown time and time in the court room. Denying the plaintiff even to see his newly born daughter or visiting the mother of his child fueled by the grudge upheld by the plaintiffs past lawsuit 1:15-CV-0110 Parizek vs Ward County

The Plaintiff should be awarded \$50,000.00 to rebuild his image, and the mental abuse. Rozanna Carlson clearly put on the plaintiff. The money will be used for counseling that is very much needed after the situation.

Leah v. State & Rozanna Clarson had made several false agreements with Plaintiff after the Bond was posted in case 00387 the deal was 18 month 7 months served with a Tompkins requirement. The Plaintiff posted bond and went to treatment completed the program at North human Services. The Counciler giving a time served recommendation but Rozanna Clarson did not uphold the agreement made off record even moving forward with revocating Plaintiff probation in attempt to force a sentence the 18 months. The new offer 18 months with no time served, so the Plaintiff would do 2 1/2 years for giving a girl a baby and trying to be a DAD got sober completed treatment. Rozanna Clarson and Douglas L Mattson still wanted more. The Plaintiff past attorney Monet Mertz had said very upsetting statements to the Plaintiff. Monet Mertz has said several times to the Plaintiff that there are a lot of discriminating statements said by the Judge and State's attorney.

Montey Mertz made it very clear to the Plaintiff that the criminal case against him was not about what is happening but what had happen in the 1:18-cv-01110, or Prizek Vs Ward county

The \$50,000.00 should be awarded to the plaintiff on the bases of abusing the office of power, making false situation to get back at the Plaintiff and even denied a family the American dream all on discrimination upheld in past lawsuit events.

The \$50,000.00 will be used to undue the hardship put through the Plaintiff. The forcing of a plea deal and issuing criminal case as a civil lawsuit is underway. The state lead by Rozanna C. Larson has done anything but good faith in the dismissed case Prizek Vs Ward county. Rozanna Larson plan to destroy the plaintiff is, has, have work taking the Plaintiff first born son while the plaintiff was in treatment. Yancy B cottrill a public defender out of Williston N.D. can easily agree my case load has alot of discrimination factors in it. The Plaintiff is a second class American. \$50,000.00 will also go to legal fees for Plaintiff for helping with the lawsuit.

Scared for my life once again put in a very real threatening situation of life and death - I had to possibly revoke my Bond out of Ward County in order to assure my safety to not be detoxed cut cold turkey or a sudden stop of my methadone treatment with a severe heart condition adding to the situation. The situation speaks volumes of the danger in human life being lost. I am prepared to revoke my Bond out of Ward County to insure. I would be safe to continue my daily treatment. The federal law states no inmate will be physical harmed and no government entity may deny or discriminate against an American who is on methadone treatment. A government entity is a group of people looked at in a small way such as Jail staff or as a big way such as group of Jails or of several Jail staff from different jails.

When an inmate is transported to a different jail it would still be under the control of a government entity in whole or part. Just because a Sheriff is out of

Jurisdiction to pick up an inmate does not mean his power or control of the human life stops or is not current to the handle of that said inmate while out of jurisdiction.

A government entity could be all of the United States of America who is working under the color of law on duty. A plaintiff can not sue a building such as the Ward County Jail but the building can sue the plaintiff in a criminal manner. If a plaintiff spray paints the jail the restitution would be named the Ward County Jail. That being said how is it a plaintiff can't sue a building. The building is part of the group or tools used by the government entity.

A fourth attempted was made by the State of North Dakotaⁱⁿ Mchenry County with Ward County's complaint nature, attempted to make the Plaintiff be transported to heart of America, Rubey. Mchenry county don't have a jail, so the Plaintiff had no need to be moved out of Ward County jail on March 18/2022. The Plaintiff completed the online class said by the Judge and paid his fine in time. The Warrent was issued to Plaintiff on Dec-21/2021 the 90 day served was completed March 10/2022. Joshua E Frey and Michael Hurley had been warned the Plaintiff was on methadon Jan/2021 while the Plaintiff gave a false plea of guilt due to his sudden stop or denied treatment. The Plaintiff wrote several letters to the mchenry county court house case no 25-2021-CR-005 & 2020-CR-301. The discrimination reaching and all new high when Michael Hurley makes the Plaintiff do 120 days on a class B misdemeanor. Michael Hurley issues a failure to appear on a medical marijuana card. The Plaintiff was registered with the State at the time Joshua E Frey failed to get the information for the courts. The State of North Dakota

failed Scott. If the Plaintiff had a class D driver license it would be in a state wide data base only costing \$7 a green card is \$50 paid by the Plaintiff which is also unjust due to the hardship of COVID.

Michael Hurley and Joshua E Frey were clearly put off the Plaintiff though discriminating factors after the Plaintiff wrote several letters explaining his severe heart condition along his enrollment in the treatment program. The Plaintiff asked to allow his time be spent in ward county

Michael Hurley gave no attention and dismissed the Plaintiff's letter. The Plaintiff called

Joshua E Frey explained his situation, Joshua E Frey did not care with a stern voice said you did not serve the 90 days for us. He did not care about my treatment at all. Joshua E Frey would of done nothing just as he did in Jan/2021. Michael Hurley said Kangaroo Court on record and video recording of my false plea of guilt easily seen on the video by Plaintiff body language. Kangaroo Court is where inmates hold a court hearing two friends act

One as the States attorney and another as the judge if found guilty beat the defendant up in all case the defendant in Kingwood court are found guilty Physical harm is the punishment by Michael Hurly saying this on record along with Joshua E Frey in the court room The two knew what was happening to the Plaintiff as if past inmates transported from ward have been through this before. Michael Hurly, Trey Stager and Joshua E Frey are doing this illegal detox to get more Pleas of guilt. The three found an easy way to capitalize on struggling drug addicts who are in treatment trying to get the help protected by federal laws. The three Mike Hurly, Trey Stager and Joshua E Frey are saying it they are above the federal laws or human rights of Disabled Americans.

It is not hard to know or imagine that all the defendants could, have, has or are working together to discriminate against our Second Class Americans. A second class American is an American with a criminal record. The Plaintiff has expressed to all defendants of how Scott R Perzell changed treatment forever in the State of North Dakota helping mankind

✓ Statement of claim

 With the fight of overdoses, relapse prevention and saving local lives in hope the defendants would help the Plaintiff instead it gave the defendant more reason. The discrimination is all walks of the North Dakota entity. From the jail posting the wrong bond online also telling Plaintiff's family members the wrong bond, to state attorneys charge happy all the way to the judges breaking court rules as 120 day on class B misdemeanor failure to appear on case files that would break North Dakota court laws. State attorney charging out rages crimes against Plaintiff.

The Plaintiff should be awarded \$250,000 for the basic American rights being violated against Plaintiff. The countless attempts on his life and violations of the USA constitution.

The money will be used to build a house, America is the land of the free, we ran here to be free why must the Plaintiff move in order to stop the harassment to get out of the jurisdiction. The money will be used to make up for the days in incarceration also for counseling.

The defendants could of simply treated the Plaintiff in a normal way. A very real statement.

The Plaintiff is in danger of his life even today march/20/2022 by Joshua E Frey, Michael Hurley and Trey Stager. The Plaintiff gave several messages voicemails, texts, court letters, and even talking with clerk of courts. No one cared about the Plaintiffs Rights Under American Disability act also No inmate will experience physical harm. The response was a hang up, we don't care just like in Jan/2021.

Leah Viste on march/20/2022 gave a very reasonable plea deal on the cases, but the damage already done. The ridiculous charges should of not made the Plaintiff sit one day. The criminal charges and should of never been issued. McHenry county decided not to move me march/18/2022, I hope they dont because last time it caused lasting physical damage in Jan/2021.

Michael P. Hurly, V. Joshua E. Frey,
Are most to blame in the issue and physical damage. Michael P. Hurley has made several hoops to make sure Plaintiff would be denied

His treatment. The county mchenry has made it so a 90 day sentence would not start until Plaintiff is housed in a jail without his medication. A judgement is far more important than a warrant so how is it the Plaintiff did not start until he was out of Ward county on a warrant. A guilty until innocent ordeal going on here. Michael Harley has made it very seen by the Plaintiff it is a clear discrimination factor. A government entity can be as big as a State small as an office, A building is part of that entity. Why can ward county charge for medication while an inmate if we have Medicaid?
